THE HUNGERFORD SCHOOL PTA

The Hungerford School PTA serves the needs of about 270 Special Education students from every neighborhood of Staten Island. This is a unique school in that the staff trains these children (ages 11-21) in job skills that will enable them to become productive wage earners in our community. These young men and women go out into the community with their teachers to hospitals, restaurants, parks, senior citizen homes, etc. and receive on the job training. The school won a Blue Ribbon of Excellence from the United States Department of Education for the outstanding job it does with these special children.

This year, in addition to our regular fundraising efforts, we are asking you to make a generous, voluntary tax-deductible donation to The Hungerford School PTA, ensuring our children receive the quality of education they so rightfully deserve. Keep in mind our school activities can only be supported if we raise enough funds for them and have people willing to organize them. A general purpose donation allows the most flexibility in providing activities that benefit the most children. The Hungerford PTA asks the community if they can make a donation to our school, any donation is greatly appreciated.

The Hungerford School's
